“We teamed up with Imagination Library because getting books in the hands of children is so important. This organization makes reading fun and easy for a family each month, and we love the generosity Dolly provides kids,” said Samantha Meeks, owner of Bella Marie Boutique.

Megan Marsh, Imagination Library Coordinator shared, “What is better than being able to shop, sip on a drink, and listen to live music.... ALL while supporting not only Imagination Library but supporting a locally-owned business as well? It is a win-win in my book! I am so grateful to Bella Marie for providing the opportunity to partner with them. In such an unpredictable time, it is nice to know that we are still able to support each other and in turn are able to give the gift of reading to children throughout Christian County.”

Imagination Library continues to provide books for all children, birth to 5 years of age in Christian County. There are currently over 3500 children enrolled in the program. Enrollment is easy and free. Visit our website at <https://hccpl.org/services/gallery/imagination-library/> or email Imaginationlibrary@hccpl.org.
